Category 1: Hazardous Material Collection & Disposal

Strategic Environmental Services, Inc. is a woman owned, disadvantaged company that has been providing premier environmental services throughout New England for the past 20 years. We are fortunate to have a team of fully certified chemists and other professionals who have the talent and multi-disciplinary experience to handle issues of any size or degree. Our Hazardous Material services include: waste collection, fully permitted transportation and disposal, soil remediation, recycling, waste characterization, analysis and profiling. While working with the clients, the state, and approved facilities we will research to find the most environmentally sound and financially viable disposal options.

Experience & Highlights:

- Waste Management Programs for Large and Small Quantity Generators: including lab packing, MAA and SAA management, waste packaging, profiling, manifesting, disposal, and documentation services.
- Full Lab Decontamination at Colleges and Biotech Facilities: including testing of surfaces to determine contamination, thorough cleaning—from hoods and hood vents to all classroom surfaces, laboratory moves, and disposal of biohazardous, radiological, and hazardous waste.
- Licensed Asbestos Abatement Contractor: specializing in asbestos abatement in schools, airports, manufacturing facilities and public entities such as MBTA and MassDOT.
- Management of Municipal Generated Waste Streams: including but not limited to: Paint related wastes, oil and gasoline, catch basin and road sweepings, utility construction soils, and universal waste such as batteries, fluorescent light bulbs, and mercury thermostats.

Benefits:

Our excellent health & safety track record and compliance history,

Accessibility: we are easy to reach and react quickly to your inquiries, with a dedicated Project Manager.

Multiple locations throughout New England to easily serve any location in MA.

Experience working with: state and local municipalities, utility companies, MassDOT and MBTA, state and local educational facilities

Our primary mission is to offer a cohesive team dedicated to completing the job to the highest industry standard. We pride ourselves on delivering quality service at a fair price. Ultimately, our value lies with our excellent reputation, our vast experience within the industry, and how easy it is to work with us. We look forward to forming a professional partnership with your organization and are confident our staff can design a client-focused program to meet specific goals while maintaining compliance with all local, state, and federal regulations.
